RUSSIA AND GERMANY AT WAR?

Opinion Odds 5 to 1 Nazi Will Attack Russia Within Few Hours; London Says It Is a Trick

Opinions were running 5 to 1 that Germany would attack Russia within the next few days as the situation across the borders of both countries grew more tense hourly.

In London the British said it was a German trick to take attention away from a coming attack on England. Russia has expressed no opinion other than the German concentration of troops has no especial warning to Russia.

Other reports had it that Germany is demanding the Eukrane and the Baltic states and is concentrating 120 divisions of men to scare the Soviet.

A noon broadcast said that the situation is growing worse hourly. The Russians are massing troops across the border from the Germans in greater numbers than the Germans.

Russian troops have been withdrawn from the Turkish frontier.

FINNISH SOURCES IN HELSINKI SAY "YES"

If this war has produced a more disconcerting mystery than the so called secret war between Russia and Germany, it has not come to the attention of observers anywhere.

According to all reliable sources cultivated during the day Germany has launched the long expected attack on Russia.

Shortly after noon Thursday a Russian Radio report said that Soviet troops and the armies of Hitler have clashed.

From Helsinki in Finland came the most likely story to bear out the as yet unconfirmed report of fighting. A fight occured at a public meeting and a speech interrupted. The speaker said that Finland would now be liberated and that Germany would strike down the Russians. From Ankara Turkey a report said that Rumanian sources declared "a certain power" has attacked Russia and Bessarabia is to be restored to Rumania.

The more likely story was that Hitler has made premptory demands on Stalin the nature and extent of which would almost compel the Russians to resort to war.

If the ultimatum has expired without surrender of the Soviet then the war is on between the two countries.

The uncertainty of the situation overshadowed all other events of the day. It was pointed out that Hitler, having secured himself against British attack in the Balkans and now having set the French up against the British, may feel free to attack Russia.

It was also advanced here that France may be a part of the scheme to aid Germany knock off Russia.

A German seizure of Russian raw materials, including oil, would secure the Reich against a long war which Hitler is said to have resigned himself to when the United States announced determination to supply Britain.

In the final shaping of events Japan may double cross Germany.

HOME DEFENSE COUNCIL PLANS ARE PROJECTED

Plans for a Home Defense Council as contemplated under the National Emergency Proclamation of the President, were advanced here Tuesday when W. F. Paden, manager of the Chamber of Commerce, announced a meeting at his office at 2 p. m. Friday, June 20th.

Wm. A. Wilson of the East Texas Chamber of Commerce will be in the meeting to tell about these plans for Home Defense Councils.

Those who attend must be on hand promptly at 2 o'clock.

It is planned to set up the Council at this meeting.

CITY MAY NOT GET AIRPORT

ANOTHER TYPE SOIL IS AVAILABLE NEAR HERE

Although official realease of information has not been made it is reliably said that Cameron has been eliminated from consideration, at least for the time being, for a military airport

A progress report of the committee, it was believed, will show possibilities that the government may yet give Cameron consideration.

The army authorities, due to types of soil in a vast area of Central Texas, have set aside all applications in that area.

Cameron has a site available to the army that will meet the conditions said to be demanded and plans are now thought to be under way to get an inspection. To eliminate this section without inspection was not anticipated by the committee.

Temple has announced elimination and Taylor went so far as to announce that an airport had been granted. Neither city is now under consideration.

There was some hope advanced in the idea that perhaps the city might see the future value of an airport and go ahead to acquire the site. It is pointed out that local citizens in the course of time will own many planes and the city of the future must have landing field facilities the same as garages are necessary for maintenance of automobiles.

The people here may be assured that the committee is doing everything possible to revive the interest once mainfested by the government in this section

Machinists Needed For U. S. Industry

According to Mr. Moody, manager of the local office of the Texas State Employment Service, he has several requests for machinists and machine tool operators which the office is unable to fill. Mr. Moody said these requests were from employers having National Defense Contracts and were located in various sections of Texas as well as in other states.

Not only is the Employment Service interested in men who are well qualified in this line of work but also those who are only partially qualified due to length or recentness of experience. Information relative to present employment opportunities and refresher courses which are being offered in the metal working trades is available at the Texas State Employment Service office at Cameron, Texas. Mr. Moody urges all who are qualified and interested in this line of work to make inquiries and also those who have some skill but need additional training to be qualified.

American Flags Made In Japan Distributed By Boy Scouts Here

Tiny silk American Flags, made in Japan, were distributed here Friday by Boy Scouts in anticipation of Flag Day Saturday, June 14th.

These flags were being worn by citizens who are actively co-operating for Flag Day.

The Scouts, are of course in no wise to blame, and no criticism is here intended, except that it is a sad commentary on American manufacturing when we cannot buy flags made in America.

Tomorrow the Scouts are planning a Flag parade to close with a mass allegiance to the Flag on the court house lawn.

Cameron Card Writers Who Express Their Views On Defense Strikes Get Reply and Thanks From Congressman Poage; His View Points Are Ours

Congressman W. R. Poage, in a letter to the Publisher Saturday said that the recent Post Card campaign to reveal sentiment here on the strike situation had brought him many cards and due to the heavy mail reaching congressmen these days, he has not found time to reply to each one.

This newspaper lends its columns to assist Congressman Poage in thanking all those who wrote him their views.

In discussing the cards and in his reply through these columns, Congressman Poage said:

"I wish that you would thank everyone of them for me because we are sincerely glad to find that they are interested in the important problem of maintaining American production. As I have often stated in my news letters, in my remarks on the floor of the House, and in public and private discussion, I feel that the present un-American attitude of so many self-proclaimed labor leaders is a greater threat to the safety of the United States than is the Japanese Navy or the German Air Force.

"Our American boys have proven that they stand ready to make any sacrifice. They have demonstrated their Americanism. Unfortunately, modern war requires a great deal more than numbers of troops and personal heroism. It is absolutely essential that these troops have the best modern equipment. The United States has the industrial facilities to provide this equipment. We have the raw materials from which to produce it. We have the trained workmen, but if those workmen take the position that they are more interested in what they can make out of defense than they are in what they can do to protect their country, then we are of course faced with the choice of following the road that France followed, the road which leads to destruction, or taking vigorous and forceful action. For my part, I am in favor of the latter course."

ONE HELD FOR TAKING 13 MONTHS OLD NEGRO

Johnnie Earl Williams, 13 months old negro baby, was found at 7 a. m. Friday in a pasture northwest of the city where his kidnapper had left him.

The baby disappeared from the home of Marie Williams, his mother sometime during the early night of Thursday.

When the child disappeared an alarm was spread and officers went to work on the case. Sheriff Valter White, City Marshal Gene Smith and all their deputies were in on the case.

The officers searched through the night.

Early Friday Raymond Whitesides, young negro who grew up on the streets of Cameron and known as "Preacher" was placed in jail shortly after noon Friday by City Marshal Gene Smith.

It was not known what charges will be filed against Whitesides.

The baby was found by Sam Allen, negro drayman who went to the pasture after his mule.

The baby lay under the shelter of underbrush. Its back was scratched but other wise the child was not injured. He lay asleep as Allen stooped down to pick him up. His face was cold but otherwise he appeared to have suffered no discomforts.

Sheriff White said the baby had been placed in the pasture early this morning as no dew had fallen on its clothing. The baby's clothing was dry.

City Marshal Gene Smith placed Whitesides under arrest after he had confessed to taking the child. At first the negro denied having kidnapped the baby.

The negro first said he took the baby to another negro's house. When he was told that negro was helping hunt the baby he then said he had taken the baby to Sam Allen. Pressed further Whitesides said he took the baby to the pasture, going down the railroad track.

Tracks in the sand matched the negro's feet and Mr. Smith said he has 4 witnesses to the negro's crime.

Ida Parker, grand mother of Marie Williams, told Mr. Smith that shortly after 11 p. m. Whitesides enter the home. She heard the noise and thought it was Marie. She got up and went into the room and saw Whitesides escaping with the baby, according to her story to the city marshal.

Not long ago Ida Parker said she drove Whitesides away from her home with a shotgun.

Mr. Smith said the baby's back was scratched when the negro crawled through a barbed wire fence.

Sheriff Valter White said he was called from his home about midnight Friday.

City Marshal Smith was also called around the same time and again at 6 a. m. Friday when the baby was found.

Third Effect of Totalitarianism—

The Stamping Out of Christianity

In Germany godlessness is in the saddle and freedom to worship, a deep-rooted democratic institution, is gone. Between 9,000 and 11,000 Catholic schools have been liquidated. Of the 18,000 Protestant pastors, 1,300 have been arrested since 1934. Countless priests have been executed or imprisoned. 1

Fourth Effect of Totalitarianism—

The Degradation of Women and the Regimentation of Children

The policy of Nazi Germany is to use women for one main purpose—to breed cannon fodder. In line with this policy, children are taken away from their parents and regimented at an early age in a severe course of training for bloodshed and conquest. 2

Fifth Effect of Totalitarianism—

WAR. We all know the consequences of the German war policy. A mad armament race—Munich—jitters — more armament — threats — ultimatums — an agonized world. 3

BRITISH BLAST WIDE SECTIONS OF GERMANY

Shortly before noon Saturday President Roosevelt signed an order securing for control by the United States government all assets of Germany and Italy in the United States.

It was said that the amount of money involved in liquid assets was approximately Four Hundred Million Dollars. Assets of the two countries at one time amounted to about 4 Billion Dollars. In recent months under increased strain of relations between the two countries, most of the assets have been transfered to German and Italian interests in South America.

The act by the President will stop all German activities in the country and it was said that spy and propaganda work will now be impossible due to lack of funds. The act also prohibits profits for Germany and Italy out of investments in American industry.

In Washington the seizure or freezing of these funds was taken as an indication of a rapid approach to breaking off of relations with both Italy and Germany.

In all the assets of some 16 countries have been frozen by action of the Nnited States Government.

This followed quickly on the heels of a blistering attack by Secretary of State Cordell Hull on the Vichy government of unoccuped France.

Gaston Henry Haye, French ambassador to Washington, was said to be contemplating surrendering his post here as his government was being increasingly brought under disfavor of the United States.

Great Britain today took the offensive on land, sea and in the air. Gains were reported in Syria and Libya while the British navy had scored heavily against the Axis. A German battleship of the Graph Spee class and believed to be the Admiral Scheer, was hit by plane torpedoes off the coast of Norway and believed sunk, certainly put out of commission perhaps for the duration of the war.

In the Mediterranean the British had sunk 10 Axis ships in a mighty assault on Germany and Italy.

Increasing British air strength had enabled the English to begin the most severe air assault of the war. A new effective device or destructive bomb was said by the Germans themselves to be taking increasing toll of damage and life.

German civilians are now being urged to take to their shelters when alarms sound. What the British have claimed now seems confirmed by the Germans.

Russia was represented as understanding the German massing of troops on her borders. A news report said Germany may be demanding all of Poland, the Baltic States and a part of the Eukrane. Russia was also represented as ready to conclude a pact with Germany which would virtually put all resources of the Soviet at the command of the German general staff.

Russia will fight with Germany, or be forced to yield. She would in no case be able to withstand Hitler's army.

Walter Henrichsen, Jr. Saves 5 Year Old Sister From Drowning Friday

Walter Henrichsen, Jr., 10 year old son of Mr. and Mrs. Walter Henrichsen, Sr., a Cub Scout, had the presence of mind and courage late Friday to save his little sister, Marjorie, 5, from death in a ten foot pool of water near the plant of the Cameron Ice & Cold Storage Company.

The children were playing, scooting sticks in the water and Marjorie toppled over the bank and plunged into the pool. Walter threw himself down the bank after securing his legs and feet in the bank and reached out to pull his sister to safety.

Aside from a good ducking and some fright, Marjorie was none the worse for her experience. Walter was receiving the plaudits of the city, and Scouting had become more popular and revered among the boys of the city.

Walter says the things he learned while scouting enabled him to save his sister. She surely would have drowned, he said, if it had not been for his knowing what to do and as all good scouts always do, meet every emergency.

Mrs. Henrichsen told the Daily Herald about the exploit of her son and was mighty proud of her boy as well as his opportunities in the Cub Scouts.

Gold brought them to California but LAND kept them there!

In '49 the cry was "Gold!" Visions of quick wealth brought thousands from the comparative security of their eastern homes to the little traveled trails leading West. Dana Kestenbaum and Beatrice Walschak of Buckholts Married in Cameron Tuesday Morning

A wedding of interest to many here and over the state occured Tuesday morning at 10 o'clock at First Baptist Church in Cameron when Miss Beatrice Walschak of Buckholts became the bride of Dana I. Kestenbaum.

The ceremony of simple dignity and beauty was performed jointly by Babbi Wolf Macht of Waco and Rev. C. W. Sanders, pastor of First Baptist Church, in Cameron.

The bride is the daughter of Mr. and Mrs. A. R. Walschak of Buckholts, a graduate of Yoe High School and student in University of Texas.

The groom is the son of Mr. and Mrs. S. Kestenbaum of Cameron. He graduated from Yoe High School in 1937 and is a Senior in the University of Texas in business administration.

The wedding a very impressive ring service and in its appointments were accentuated every charming detail of that ceremony.

A few close friends and relatives with members of the immediate families witnessed the ceremony. Among those present were a few classmates from Yoe High School days where both were students and where the romance began that culminated in their marriage on Tuesday.

Both families are socially and financially prominent in this and the Buckholts communities. The parents of the bride are among the old established families of Buckholts and the parents of the groom have for a quarter century been prominent in business and social circles in Cameron. The wedding has linked the lives of two whose happiness and welfare will be a paramount well wishing in the hearts of thousands.

Mrs. J. L. Clinton played Lohengrin's wedding march as the bride and groom came in together. The recessional was from Mendelssohn's and Traumeri was played during the ceremony.

Attendants were Lionel Walschak, brother of the bride as best man and Miss Myrtle Stidham, attendant to the bride.

The church was beautifully decorated with hugh gladiolas in baskets, fern trees and candles in the background. The candles of cathedral design harmonized well in the general scheme of decorations that took in the entire spacious altar of the church where the ministers awaited the arrival of the bride and groom and their attendants.

Decorations for the wedding were arranged by Mrs. Hallie Glass of Glass the Florist.

The bride was beautiful in a navy blue suit with white accessories. She carried a white prayer book on which was laid a white orchid. The book was sprayed with Bouvardia.

The attendant to the bride, Miss Stidham, wore gold and white suit with accessories and a blue cornflower carsage.

Mrs. Clinton at the piano wore a blue dress with pink accessories and a corsage of pink rose buds. Mothers of the bride and groom wore black dresses with corsages of white rose buds.

Guests included relatives only. After the ceremony the couple left for a short honeymoon trip to an unannounced destination.

WOMENS UNION OF VOGELSANG

The Womens Union held monthly meeting Sunday, June 8th, at the church with Mrs. Bill Becker as hostess.

The business session was opened by the President and nine members answered roll call. Mrs. Anna Boecker was a visitor.

The topic of the program was: "I believe, I belong, I serve." The invocation was said by Elsie Collins.

Scripture reading by Leona Rummel; Response by all members. Prayer given by Lillie Rummel. Pianist, Gertrude Barkameyer. Poem "The Christian Church," by Minnie Sager.

A dramatization of this topic was given by Alma and Esther Miller, Lillie Barkameyer and Gertrude Barkameyer.

The hostess served sandwiches, pies, cake, coffee and lemonade.

When a Child Needs a Laxative!

Your child should like this tasty liquid laxative and you should like the *gentle* way it usually wakes up a youngster's lazy intestines when given by the simple directions.

SYRUP OF BLACK-DRAUGHT contains the same principal ingredient which has enabled its older brother BLACK-DRAUGHT to give so many users such satisfying relief for so many years!

Perhaps that's why it usually gives a child such refreshing relief when the familiar symptoms indicate a laxative is needed.

SYRUP OF BLACK-DRAUGHT comes in 2 sizes. The introductory size is 25c; the economy size is 50c.

CHRISTIAN SCIENCE SERVICES

"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 22.

The Golden Text is: "The Lord is a great God, and a great King above all gods. In his hand are the deep places of the earth: the strength of the hills is his also." (Psalms 95:3, 4.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The foolishness of God is wiser than men; and the weakness of God is stronger than men." (I Corinthians 1:25.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy. "Either Mind produces, or it is produced. If Mind is first, it cannot produce its opposite in quality and quantity, called matter . . . In spiritual history, matter is not the progenitor of Mind" (page 551.)

JULY 10 IS DEADLINE FOR THEM TO GET OUT

Nazi Germany must withdraw all of her consular prepresentatives in the United States by July 10th.

The Germany Embassy in Washington was given instructions by the State Department on authority of President Roosevelt. The note was delivered shortly before noon Monday.

In days reminescent of 1917 when Woodrow Wilson handed Von Bernstorff the German Ambassador, his passports, after he had been caught in the act of fomenting an attack by Mexico on the United States, President Roosevelt through Sumner Welles, said the Germans are no longer permited to stay in America.

July 10th is the final date on which any representative of the German Government may remain in America.

The blunt note of dismissal said simply the Germans have been found guilty of activities against this country, unwarranted and illegal.

There was no re-action from Berlin on the sudden action of the American Government.

Dismissal of diplomatic representatives is a step preceding war

For a long time, however, the Germans have had no Ambassador in Washington nor has the United States had an Ambassador in Berlin. Only Charge de Affairs have been operating to take care of the interests of each country in these capitals.

Congressman Martin Dies charged long ago that German and Italian Consular and Diplomatic Representatives were subversive elements in the country and should be dismissed.

The step was taken as a logical consequence of the repeated strains on relations and more recently the Robin Moor incident. Mainly however it was said that the Germans have been abusing their privileges and have engaged in a secret war on this country.

In kicking out the representatives of Adolph Hitler the State Department made it plain they must be returned to their homeland. They will not be tolerated here after July 10th.

Nothing was said about the Communist representatives nor the Italians. Action was believed certain to follow with these countries.

Edwin Bigbee and family who have been visiting his mother, Mrs. Lottie Bigbee, have returned to their home in Palestine. Mrs. Edwin Bigbee has been with her mother, Mrs. Luther Zarr in Temple, for several days prior to coming to Cameron.

The following Cameron people attended the funeral of Frank J. Clement of Salty Sunday afternoon at the Salty church: Mr. and Mrs. W. A. Bonds, Mr. and Mrs. B. F. Bonds, Judge and Mrs Jeff T. Kemp, Misses Mary Frances Allen, Delphya Scott, R. L. Batte, Sr., and daughter, Miss Mary Belle Batte, Mr. and Mrs. Chas. Hicks, Mr. and Mrs. Bill Morrison, S. E. Brogdon, H. B. RELATIONS BETWEEN COUNTRIES NEAR END

Germany will not remain idle or indifferent to action of the United States in whatever nature it may manifest itself either to aid Britain or closing of Consulates in America.

Although no official statement was fortcoming, a spokesman said that severence of diplomatic relationship between the countries is imminent.

America has 55 Consulates in Germany. They have not been ordered closed by the Reich but will certainly be run out soon. German statesmen were grave when news came of the action of this country in dimissing the personnel of 24 German Consulates in the United States.

The British were said by the Germans to have opened a large scale attack in Libya and that it has become necessary to reinforce the German army in North Africa.

In Syria French forces were counter attacking the Free French and British and it appeared the advance of the Allies might be held up.

There was no indication in Moscow of any strained relations with Germany. Observers continued to say that Germany is preparing to attack Russia.

In the far east Japan and the Dutch Indies announced they were unable to agree on a trade pact but that no serious disruption of good relation was contemplated.

The Home Economic pupils of Yoe High School enjoyed an outing to Austin Wednesday and visited the Capital, Governors Mansion, a Wood Factory and saw the construction of wood furniture, and also had a plunge in Barton's Spring where they had supper before leaving Austin. There were 42 in all, chaperoned by the H. E. teacher, Miss Hollis, Miss Tisdale and Mrs Stokes, teachers in school here.

Washington News
From Your Congressman W. R. POAGE

We have had a very busy week in Congress. Early this week the House passed the ten billion dollar War Department Appropriation Bill to provide funds for the Army during the next fiscal year. This bill was noteworthy from the standpoint of size, but it must always be remembered that even this vast sum is small when compared with the expenditures that have been made by the dictators. In other words, we have not yet matched their efforts. To do so is going to call for real hardship and sacrifice, but we should always remember that the sacrifice we must make to pay these bills will be small compared with the sacrifice we would have to make if we did not provide the means to protect ourselves. This bill was also noteworthy in that before it passed two amendments were placed on it to limit the right of workers in defense industries to strike or to interfere with those who want to work. I voted for both amendments. Although I don't think they went far enough, they are a good step n the right direction. At the same time the House was passing these amendments, the Senate passed the Connally Amendment which authorizes the taking over of any defense plant where a strike keeps production tied up after the Mediation Board has acted. Probably the President already has this power as Commander-in-Chief. Anyway, he exercised it in the North American Aircraft strike, but this amendment removes any doubt of the President's powers. All together, there is clear evidence that Congress, the President, and even the loyal leaders of the great labor unions themselves are ready to take a firmer attitude and to do everything possible to put a stop to anti-American efforts to tie up our defense program. Probably the rank and file of working men are beginning to realize that while France allowed strikes in her defense industries up until one year ago, there are no strikes in France now. These strikes in defense industries are going to stop one way or the other. I prefer to see them stop before Hitler stops them for us.

On Wednesday the House passed a very important bill extending the benefit of the Crop Loan Insurance to cotton. Heretofore, this insurance was available only on wheat. If this bill becomes law it will be possible for a farmer to pay a given amount of cotton as a premium and be insured against a crop failure next year. The government will pay the cost of administration, but the actual losses will be paid in cotton, not money, from cotton that was paid in at the begining of the season by farmers all over the South. In this way the farmer will be able to always know that he will get at least his normal wield of cotton on his allotted acres each year. It makes crop insurance as readly available as fire and life insurance have always been, and it enables the farmer to grow his own insurance premiums.

The latter part of the week was devoted to a consideration of the WPA Appropriation Bill. This bill provides $875,000,000 to carry on WPA next yaer. This is a reduction of $475,650,000 from last year. The reduction was recommended by the President on the ground that private employment had increased so much that this sum would be enough. I hope that it is, but almost every year so far it has been necessary to supplement the WPA funds before the year is over. I am also anxious to see that the South gets the larger part of these funds. As I see it, most people who want work are now able to get it in industrial areas of the East, but the defense development has not provided work for thousands of people in our section. I have talked with the Administrator of WPA about this and have been assured that our section would receive a larger percent of whatever money was available, although it is probable that there will be a sharp cut in WPA funds all over the country.

I have just tonight been assured that the Secretary of Agriculture, Hon. Claude Wickard, will come to Texas on June 25th and speak to a sate-wide farmers' meeting at Waco. I hope every farmer in our district will come to Waco that day. This is one of the very few times in history that a Secretary of Agriculture has come to the greatest agricultural state. I invited Mr. Wickard soon after I became a member of the Committee on Agriculture. He has shown a real interest in the problems of the south and has promised me for some time that he would come to Texas as soon as he could.

With best wishes, I am

Yours very sincerely,

W. R. POAGE, Congressman,

11th Texas District.

"Odd pennies . . . 30 to 90 each month . . . spent for additional cheap electricity buy more in comfort and convenience than dollars spent for many other things. These odd pennies for *extra use* of T.P.&L. service save time and work for me and they provide Better Living for my family."

3 Examples of EXTRA USE

YOU MAY DO THIS WITH **1** *Extra Penny** A DAY..

Spent for additional electricity, one penny a day will give you electric time, 3 hours a day extra use of the radio, full use of an electric food mixer, and complete cleaning service for your rugs and draperies with an electric vacuum cleaner.

YOU MAY DO MORE WITH **2** *Extra Pennies** A DAY..

Spent for additional electricity, two pennies a day will give you, in addition to the uses listed at left, use of a student lamp (two hours daily), average use of a waffle iron, and an electric washing machine for the weekly family laundry.

YOU MAY DO EVEN MORE WITH **3** *Extra Pennies** A DAY...

Spent for additional electricity, three pennies a day give you all the services mentioned above, *plus* average use of an electric roaster and the use of an electric fan for three hours a day.

The Texas Power & Light Company is meeting the power needs of National Defense in the area it serves. This Company is ready with ample reserve power to supply promptly and efficiently the increased needs of expanding industries as well as the needs of its customers.

Rates for T.P.&L. residential service have been reduced repeatedly in the past, lowering the cost of electricity to such an extent that the average family can "live electrically" at a total cost of little more than the "light bill" of the early twenties.

Germans Say They Sunk Robin Moor and Will Sink All Other American Ships Caught On The High Seas; Washington Sends Protest

A spokesman for the German government said Friday that the America Ship, Bobin Moor had been sunk my a German submarine and the ship was carrying contraband goods.

The spokesman for Hitler also said that the ship was sunk deliberately and any other ship venturing on the high seas will meet the same fate.

President Roosevelt canceled his press conference Friday and was ordered to bed by his physician. It was not apparent whether the blunt taunt by the Hitler Spokesman plus a crowd of newspaper men "who want to know what you are going to do about it," had anything to do with the President's indisposition.

Even before Germany had received a "vigourous protest' from the State Department the Nazi had beat Hull to the draw and turned back his missel.

Wherever and whenever the Germans find an American ship on the seven seas it will be sunk.

All informed Americans knew this would happen when the patrol system was undertaken and goods began to move out to Britain.

It should be kept in mind however that the Robin Moor was not bound for combat zones nor was it carrying contraband. Furthermore it was sunk in American waters.

The Germans have not only sunk an American ship and taken American lives but have given Uncle Sam a swift kick in the pants for good measure. What will the Washington government do about it?

Senator Claude Pepper of Florida said the United States should start shooting.

EANES-BYRD

Miss Elizabeth Eanes, daughter of Mr. and Mrs. V. M. Eanes of Cameron, became the bride of Sgt. Robert Drayton Vennie Byrd of Los Angles, California, Sunday afternoon, June 8th at five o'clock at the first Methodist church, Rev. John Mills, local pastor, reading the ring ceremony, before a beautiful altar of flowers of pink roses, pink gladioli, white shasta daisies, lavendar thistle and ferns, in tall floor baskets and vases.

The wedding music was given by Miss Willie Boyd of Chriesman, who was dainty in white embroidered gown and wore a corsage of white gladioli. Mrs. Vernon Collins sang "I Love You Truly." She was attired in pink chiffon, and wore blue cornflower corsage.

The bride and bride groom entered together and met the celebrant at the altar where an impressive nuptial ceremony was given.

The bride wore a charming costume of navy blue crepe dress made with fitted waist line with small buttons running down the front to waistline, and the skirt was pleated in both front and back. With this she wore a matching coat in full length with long loose sleeves; a corsage of white gardenias, white gloves and a large picture hat of navy blue. For something borrowed, old and blue, she wore a necklace of gold and blue that was worn by her grand mother at her wedding many years ago. The bride is a graduate of Cameron High School, and is popular with a large circle of friends.

The bride groom is the son of Mrs. Joe Thompson of Los Angles, California, and is at present stationed at Fort Bliss, El Paso, and later will go to Los Angles, Calif. He wore his Sgt. Army Uniform.

Mrs. Eanes, mother of the bride, wore a navy crepe; her corsage was cape jasamines.

Ushers for the wedding were Dana Monroe and Hope Eanes.

Following the wedding ceremony a reception was held at the home of the bride. Pink gladioli were featured in the home decorations, along with other flowers. The reception room was beautiful, and the dining room featured the chosen flowers and were seen on the buffet in crystol vases with a bowl of flowers centering the lace lain table with tall tapears shedding a rosy light over the scene. The wedding cake was in ring design embossed with lilies and pink rose buds with a wedding bell tied with pink bows of ribbon. The bride and groom cut the cake together, then Mrs. Eanes cut for the guests. Miss Lillian Mondrik presided at the punch bowl, and was assisted by Mrs. Joe Eanes, Miss Connie Eanes, Miss Willie Boyd, Mrs. Franklin Drgac. Mrs. Cumbia Allen of Troy, presided over the bride's book.

Out of town guests present for the wedding were: Mr. and Mrs. Cumbia Allen of Troy, Mr. and Mrs. Joe Eanes and daughter of Rockdale, Mr. and Mrs. Richards and children of Minerva, Mr. and Mrs. Franklin Drgac of Caldwell, Mr. and Mrs. George T. Moore of Houston, Miss Ruth Eanes, Mrs. W. D. Boyd, Mr. and Mrs. Earl Ewell of Chriesman.

Mr. and Mrs. Byrd will be in El Paso until after July 1st, and will then go to Los Angles, California.

Mr. and Mrs. J. C. Cosby were united in marriage Wednesday morning June 4th at Mirando City, Texas, by Rev J. E. Black, pastor of Baptist church, at the home of the bride's parents, Mr. and Mrs. Lee Simpson of Mirando City.

The bride was, before her marriage, Miss Nelda Simpson of Mirando City. The groom is the son of Mr. and Mrs. T. R. Cosby of Cameron and is a staff sargeant in the United States Army.

The wedding march was played by the bride's sister, Vermelle Simpson, as the beautiful bride, dressed in powder blue Marquisette and wearing a corsage of pink sweetheart rosebuds, came in on the arm of her father who gave her away. She wore a gold heart shaped locket with a diamond in the center, a wedding gift from her husband who wore a teal blue suit. Charles Delay was best man.

Myrtie Gasway and Geraldine Vaughters were the brides maids and wore corsages of white carnations.

The ceremony was held in Mrs. Simpson's lovely living room amid a beautiul array of white roses, pink carnations, clusters of lilies, sweetheart roses and ferns.

The dining table held the beautiful crystal bowl and the lovely decorated wedding cake that was served to the guests after Nelda cut the first slices and served it to her husband.

Misses Catherine and Anne Jackson presided at the punch bowl. Only a few intimate friends and close relatives attended the wedding. The out of town guests were: Lieut. and Mrs. C. F. Browning of Camp Croft, South Carolina and Mrs. J. F. Ross of Laguna Beach, Calif.

The bride changed immediately after the ceremony into a navy chiffon traveling dress, with a navy any white turban and navy and white kid accessories to leave amid as shower of rice for Atlanta Ga., where they will be at home after their honeymoon is spent in places of interest in Louisiana, Alabama, Mississippi and Florida.

LOANS TO BUY FARMS ARE STILL AVAILABLE

Farmers who desire Farm Security loans to buy their own farms were urged to hurry and file their applications by James W. Sides farmer and chairman of the county tenant purchase committee.

Mr. Sides said that his committee is trying to hasten this work along so that every farmer will be on his newly-owned farm without interfering with his next years work.

Loans which bear only three percent inerest and are repayable over a 40-year period may still be applied for by worthy tenants, share croppers, and farm laborers. Preference, however is given to families with an adequate supply of livestock and equipment.

Farmers to whom these loans are made choose the farm they hope to own and are not restricted to those which are fully improved. The loan may include funds to repair or build the home, barn and other buildings.

Applications for these loans should be made to the Farm Security Administration office located in the old grammar school building in Cameron.

WITH THE BAPTIST

As we take stock of the last few days, we cannot but thank God for the good things that we have seen and heard. Vacation Bable School has been going strong. We have enrolled almost two hundred. The attendance is fine, but the best part of our school is the fine spirit on the part of the boys and girls. Last Friday morning about ten girls made professions of faith and were baptised Sunday night. No sweeter sight on earth can be viewed than to see these young and sweet girls follow Jesus in obedient earthly living.

Our Bible School closes Friday at noon with a big picnic dinner in the City Park. Baptists and all their friends are invited, providing they bring their picnic lunch.

Sunday School attendance was on the 270 mark. Baptists, if you take a trip, please don't take it on Sunday, we need you badly. Training Union showed a new high with 113 present. Offering was $115.43 which was $74 short of our goal.

Bro. C. E. Archer and wife with their new girl have moved into town and have made their home on College street two blocks south of the parsonage. We welcome them into our midst and with every good wish hope them days of happiness in our midst.

Sunday School at 9:45.
Worship at 11:00.
Training Union at 6:41.
Eveneing Worship 7:45.

Friday Molly and Mike campaingning for their father, Governor W. Lee O'Daniel, parked their sound truck on the court house lawn. Molly got out the little collection barrel and the program was about the same as in other campaigns.

The governor's speech was a recording. At a local bank Molly changed silver into currency and after a few songs and music, and "Hello There Boys and Girls," the yodle wagon hit for other parts.
